## Resolutions: Your voice counts

For over 100 years, the WI has driven positive change for women and society, campaigning on issues like modern slavery, climate change, mental health, and violence against women. Each year, WI members can propose and vote on resolutions, turning their concerns into national campaigns. Resolutions are calls for change on societal issues, chosen and adopted at the Annual Meeting. Once adopted, they become campaigns led by the WI's Public Affairs Department, with members playing a key role in creating impact through national and local action.

At our January meeting, you'll have the chance to vote on the resolution that matters most to you. This year's shortlist includes:

- **Let's talk about incontinence**
- **Bystanders can be lifesavers**
- **Join the repair revolution**
- **Eliminate landfill of medication packaging**

Check your *WI Life* magazine for more details and come prepared to make your voice heard!
